

I have a B.A. in Elementary and Special Education, with an M.Ed. in School Administration and Supervision from Trinity University. I have enjoyed teaching in a wide variety of settings in my career! (elementary, middle school, Homebound HS students, Special Education, 3rd grade, and Gifted & Talented Education). I've also been able to serve in many leadership roles along the way, serving as a team leader for several years, & initiating and facilitating Special Education programs in both Northside & East Central ISD before moving to Kerrville.
